WALLCOVERINGS

Corporate Profile:

TOPLI wallpaper, founded in 1976, has been professionally producing wallcoverings ever since 1976. Topli is both the first and the largest wallpaper factory in China. Over 45-years of continuous efforts enable Topli to become one of the leading wallpaper manufacturers worldwide. We have over 30 machines here and an annual production capacity reaching over 80 million square meters. Our product range covers fire retardant, anti-microbial, anti-bacterial, scratch proof and perforated wallcoverings. Especially suitable for luxury hotels, villas, hospitals and apartments.

Designer Studio:

Topli owns designer studio to ensure each original design is the one and only. Led by internationally renowned designer Mr Bernhard Holzapfel. Each year we put 20-30 new collections in market and make name around the world.
